

### Red LinaH40 Rubber Sheet

Excellent abrasive resistance especially use in mining industries , lining of tank and durable for sand blasting machine.

Resistance to most inorganic chemical, good whether resistance. It is formulated from more than 90% natural rubber content of latex and design for superior shock resistance.

Colour :	Red
Polymer Type :	Natural Rubber
Tensile Strength :	13~15Mpa
Specific Gravity :	1.1
Abrasion Resistance :	130 ~ 150mm <sup>3</sup>
Hardness:	38 ~ 45 Shore A
Tear Strength :	30 ~ 35 N/MM
Elongation at Break	800 %
